

Norman is a real person and is our expert head of Quality Assurance. Norman appears here to bring to your attention features, technical or quality issues.

More importantly the reasons why, on occasions, it's worth paying a little more for a product that may look similar to a cheaper alternative but is much better.

norman says

Our air tools, like your car, are precision manufactured, therefore they require oil to lubricate and cool them. They should be supplied with a filtered air supply from which the inevitable condensed water has been removed. This will ensure long and trouble free operation.
