Bosch on the Internet:

Up-to-date, comprehensive information on Bosch Power Tools can be found on the Internet 24 hours a day. Log onto our homepage and online catalogue at www.boschgarden.co.uk.

Tested and guaranteed

Extensive, continuous endurance-testing and production line sampling ensure that only perfect products leave the Bosch factory. Our comprehensive 2 year guarantees on all Bosch products are proof of our confidence in our quality control procedures. The only exclusion is damage caused by excessive or improper use.

Certified quality

Bosch quality can be measured by our success in satisfying various national and international standards, test procedures and design competitions. Our success is independently confirmed time and time again by the many awards that our products win.

Confirms our compliance with EU directives on product safety and electromagnetic interference.

The ISO 9000 standard for international quality certification.

The Blue Angel symbol is awarded to products which are particularly environmentally friendly.

Honoured by the Industrial Forum for Design, Hanover.

Full power without a cable.

Mowing and trimming lawns, shaping bushes, cutting hedges – all of these are much easier to do if you have a constant supply of full cordless power. The new Bosch lithium-ion technology in conjunction with innovative and powerful cordless motors provides enormous endurance and immense power for gardening work. Make use of the thoroughly impressive performance of these tools.

Bosch lithium-ion tools make it even easier for you to design your garden. The Rotak LI, the best-selling cordless lawnmower in Europe, enables you to do this very quickly thanks to its extremely high cutting strength. You can also enjoy cordless freedom with the new Grass Trimmer ART LI. And you can even make light work of hedgecutting. Thanks to the Power-Tech system, the Hedgecutter AHS LI carries on cutting powerfully where other hedgecutters get stuck. To shape small plants, simply use the unbeatably handy and lightweight Isio.

This is what you get from Bosch – quality tools for convenient gardening, whether small or large.

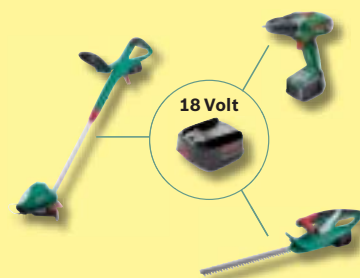

Lithium-ion batteries offer many advantages:

- ▶ More power at less weight
- ▶ Best handling: more compact and lightweight than conventional cordless garden tools
- ▶ No self-discharge and memory effect, so they are always ready for use
- ▶ Short charge times

Now you can look forward to full cordless power and lightweight, handy tools!

Practical: one battery fits many other Bosch tools.

The Bosch battery systems with 36V, 18V and 14.4V lithium-ion technology are used in numerous garden tools and power tools from Bosch. Your advantage: fast and easy changing between the individual tools.

Offers unrivalled cordless performance.

The Rotak cordless lawnmower from Bosch is the first lawnmower that combines the power of an electric mower with the advantages of lithium-ion technology. Lots of power and extremely short charge times are the most important and most impressive advantages. And since the powerful lithium-ion battery has neither self-discharge nor memory effect, the Rotak cordless lawnmower can be ready for use at all times. In order to mow right up to the edge, its innovative grass combs reliably guide grass growing close to walls and edges towards the blade. It leaves nothing to be desired.

Power pack, lightweight and compact: 36 volts of power

Modern lithium-ion technology makes it possible: the heart of the Rotak cordless lawnmower supplies a battery voltage of 36 volts, an amount of power otherwise provided only by mains-powered tools. At the same time, the higher energy density ensures that the battery, weighing only 1.2 kg, is considerably lighter than conventional batteries weighing up to 7 kg.

For large lawn areas

Thanks to the two 36V batteries, the Rotak 43 LI can mow lawn areas of up to 600 m². And it is no problem if you have even more lawn to mow. The extremely fast charging process recharges the spare battery to 80% after only 30 minutes. It is not only easier to operate, it is also 40% lighter than conventional cordless mowers.

High-performance 36V lithium-ion battery for powerful cutting

Rotak 43 LI
Europe's best-selling cordless lawnmower.

Always ready for use: no self-discharge, no memory effect, extremely fast charging in only 1 hour

Innovative grass combs: cut close to the edge of walls, flower beds and lawns

Up to 40% lighter than conventional cordless mowers

Mow right up to the wall

Whether on walls, flower beds or lawns – grass growing close to the edge is reliably guided to the blade and cut cleanly.

Always ready for use

No self-discharge, no memory effect: the compact, lightweight battery is always ready for use.

Amazingly lightweight

The Rotak cordless lawnmower is considerably lighter than other cordless mowers, meaning that it can be lifted and moved around effortlessly.

Enormous power

The high-performance 36V lithium-ion battery supplies maximum power, enabling you to cut long grass quickly and powerfully.

Cordless Rotary Mower Rotak 43 LI

- ▶ High-performance: powerful cutting with the same power as an electric mower due to the powerful 36V lithium-ion battery
- ▶ Extremely fast: charged to 80% after only 30 minutes
- ▶ Ready to go: very lightweight and always ready for use due to lithium-ion technology

More information, also about the Rotak 37 LI with a cutting width of 37 cm, can be found in the complete range overview on Page 24, appropriate accessories on Page 30.

Rotak in its best form. At last, mowing right up to the edge is easy.

The Rotak gives a significantly better cut than conventional lawnmowers. Its innovative patented grass combs offer unbeatable advantages: no other lawnmower can mow so close to the edge and even long grass is child's

play for the Rotak. Its Powerdrive™ motor has enormous power reserves, enabling it to tackle long grass with extremely high cutting strength. This enables you to cut long grass in no time.

Whenever you are away for a lengthy period of time, whether it be a holiday or a business trip, you usually return to find that your lawn has shot up in length. This is an opportunity for the Rotak lawnmower to finally show what its Powerdrive™ motor is capable of. Long grass is no problem for this powerful tool. It cuts reliably where conventional lawnmowers would capitulate.

With in-set front wheels, the innovative Rotak grass combs enable cutting of grass growing close to the edge due to their special design. This means that they can cut the lawn cleanly along walls and edges, in areas that are usually left uncut by conventional lawnmowers.

Considerably lighter than conventional lawnmowers

High-torque motor ensures a reliable cut, even under difficult conditions

Easy to transport with convenient, large carrying handles

Rotak 43

Easy handling

Rotak mowers are considerably lighter than conventional mowers with the same cutting width, meaning they are very manoeuvrable and easy to handle.

Sharp cutting right up to the edge

Cleanly up the wall and even along flower beds – the Rotak allows for precise cutting in one operation and does not leave any strips of uncut grass behind.

Extremely powerful in long grass

The Powerdrive™ motor gives a powerful cut thanks to maximum torque – even in very long grass.

Rotary Mower Rotak 43

- ▶ Powerful: maximum power at the blade with the Powerdrive™ motor, even under difficult conditions
- ▶ Lightweight: considerably lighter than conventional lawnmowers
- ▶ Effective: even cuts very long, slightly damp grass and wild, untouched lawns

More Rotak models with different cutting widths can be found in the complete range overview on Page 25, the appropriate accessories on Page 30.

Rotary Mower Rotak 320

- ▶ Compact: a lightweight but powerful lawnmower for small lawn areas
- ▶ Powerful: maximum power at the blade with the Powerdrive™ motor, even under difficult conditions
- ▶ Lightweight: low weight of only 7 kg, with two convenient handles for effortless carrying

More information on Page 25, the appropriate accessories on Page 30.

Cylinder Mower ASM 32

- ▶ Stylish: the specialist for bowling green finishes with cutting heights of 12 to 32 mm
- ▶ Accurate: precise cutting thanks to “Quattro-Cut” system
- ▶ Sharp: adjustable bottom blade

More information on Page 24, accessories on Page 30.

Always extra-sharp

Bosch Cylinder Mowers are equipped with adjustable bottom blades to ensure perfect cuts. This enables you to achieve continuously precise cuts in just a few moves.

Precise scissor-like cut.

Everybody is different, which is why gardens are all very different. And not all lawns are the same. Bosch offers the right garden tool to give each lawn the required care. An example of this is the Bosch Cylinder Mower with “Quattro-Cut” system and rear roller for characteristic stripes. Another example is the classical Bosch Hand Mower with cult status, which is always ready for use, easy to operate and provides impressive results. Its curved blades made of hardened steel have infinitely variable height adjustment to allow for convenient lawnmowing.

Hand Mower AHM 38 C

- ▶ Uncomplicated: fast, convenient mowing of small lawn areas
- ▶ Efficient: shear-cutting principle for high cut quality
- ▶ Refined: “click” locking mechanism for tool-free setting of the bottom blade

More information on Page 25, accessories on Page 30.

A lush lawn without moss.

Feel the difference

Spiral, elastic Powerflex tines systematically comb the moss out of the lawn, without damaging the roots.

Lawn Raker AMR 32 F

- ▶ Powerful: 400-watt motor
- ▶ Height-adjustable: 7-stage adjustment for airing or for collecting leaves
- ▶ Flexible: elastic Powerflex tines protect grass and tiles

More information on Page 25, accessories on Page 30.

A lawn can only grow and flourish properly if it has a supply of air, water and nutrients. Moss and fibrous roots block out these elements and increasingly spread through the garden over time. The powerful lawn raker from Bosch enables you to remove the moss without damaging the grass.

Cordless stamina up to 1000 metres.

Stronger. Lighter. Further. Thanks to its innovative lithium-ion technology, the new Bosch Cordless Grass Trimmer excels in every respect. Versatile, durable and powerful, it is a particularly effective garden tool. It has no self-discharge or memory effect, meaning that it is always ready to be used for powerful cutting. And its many functions make it particularly versatile. It is also recharged extremely quickly. This is what you call trimming with power and convenience.

Variable tilt angle
To trim under bushes, simply tap the pedal and adjust the cutter head.

90° rotating cutter head
Fast effortless edging, in the direction you are walking.

Adjustable auxiliary handle for additional convenience

Adjustable telescopic handle (80–114 cm long)

Plant protector for maintaining a safe distance

Innovative plastic blade system for energy-efficient and accurate cutting

ART 26 LI

NEW!

Ergonomic design and softgrip for easy handling

Practical replacement blade storage on the tool

New: Cordless Grass Trimmer ART 26 LI

- ▶ Durable: trims up to 1000 metres with one battery charge
- ▶ Flexible: adjustable telescopic shaft and handle, edging function and rotating cutter head for trimming under bushes
- ▶ Reliable: short charge times, no self-discharge, no memory effect thanks to lithium-ion battery

More information, also about the ART 23 LI with a cutting diameter of 23 cm, can be found in the complete range overview on Page 24, appropriate accessories on Page 30.

For lawns and more stubborn growth, for corners and edges.

The grass trimmers from Bosch make lawn care a real pleasure: the powerful Combitrim tools deliver optimum results with “High-Power” motors and a changeable cutting system for normal grass and more stubborn growth. The lightweight Easytrim tools fit comfortably in your hand due to the ergonomic handle and perfectly balanced design. For powerful, fatigue-free working.

Grass Trimmer ART 30 Combitrim

- ▶ Powerful: “High-Power” motor with up to 500 watts
- ▶ Versatile: two combined spools, one for normal grass and one for more stubborn growth
- ▶ Flexible, lightweight and ergonomic: trimming and edging with 90° rotating cutter head, perfect handling and height-adjustable telescopic handle (80–115 cm long)

Grass Trimmer ART 26 Easytrim

- ▶ Lightweight and ergonomic: perfect handling due to balanced design and weight of only 1.6 kg
- ▶ Powerful: due to “High-Power” motor with up to 300 watts of power
- ▶ Reliable line feed: “Pro-Tap” spool prevents line tangling when changing the spool

More grass trimmers with different cutting diameters can be found in the complete range overview on Page 25, the appropriate accessories on Page 20.

Easy trimming

Whether horizontal trimming or vertical edging – the attachable wheels ensure easy use in any position.

90° rotating cutter head

Fast effortless edging, in the direction you are walking.

Versatile with 2 spools

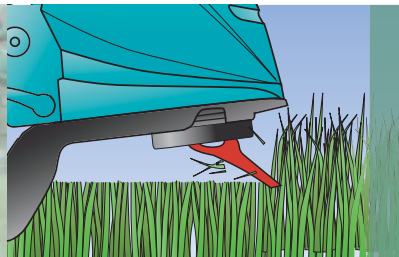

Combitrim models even cut especially stubborn growth such as thistles or shrubs thanks to the second spool fitted with extra-strong line.

Trim up to 800 metres - without a cable.

Bosch Cordless Grass Trimmers offer freedom without a cable. All are well balanced and easy to use. All COMBITRIM and ACCUTRIM models have a cutter head that can be adjusted by 90 degrees for edging in the direction you are walking. The range also includes the Easytrim Accu, which is particularly lightweight and handy, and ideal for trimming up to 500 m of lawn.

Enjoyable cordless trimming. Especially since the innovative plastic blade system cuts cleanly in problem areas, on paths, fences, under bushes and trees. The ergonomic design and telescopic handle mean these tools go easy on your back.

Simply practical

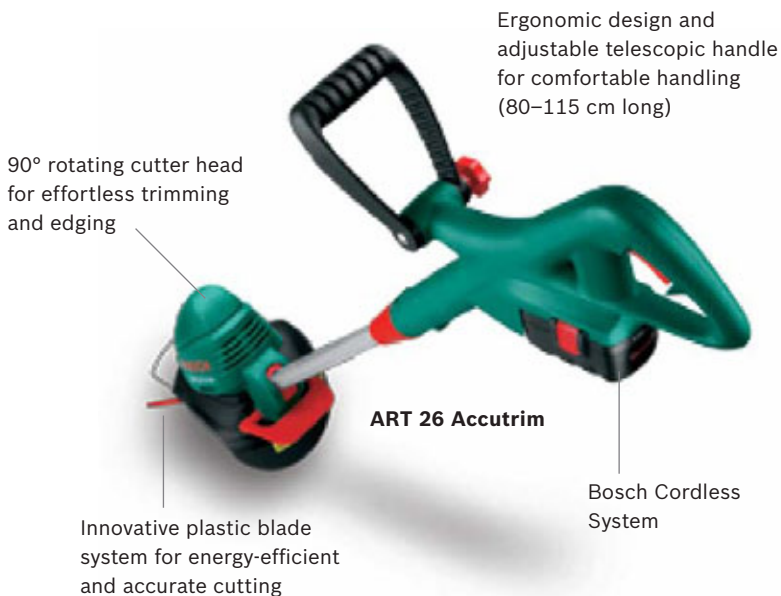

This is the best place for the replacement blades: within reach, directly on the tool.

Variable tilt angle

To trim under bushes, simply tap the pedal and adjust the cutter head.

Less power consumption

The special plastic blade cuts accurately and efficiently which guarantees a long running time.

Grass Trimmer ART 26 Accutrim

- ▶ Lightweight and powerful: trims up to 800 m of lawn without a cable
- ▶ Effortless trimming and edging: 90° rotating cutter head
- ▶ Innovative cutting technology: plastic blade system enables accurate cutting while also saving energy

Grass Trimmer ART 26 Easytrim Accu

- ▶ Lightweight and powerful: trims up to 500 m of lawn without a cable
- ▶ Innovative cutting technology: plastic blade system enables accurate cutting while also saving energy

More grass trimmers with different cutting diameters can be found in the complete range overview on Page 24, the appropriate accessories on Page 30.

The Isio from Bosch. Unbeatably handy and light.

No self-discharge, no memory effect, always ready for use thanks to innovative lithium-ion battery

Up to 50% lighter and 40% smaller than conventional cordless shears

Comfortable softgrip

Practical charge indicator

Laser-cut quality blades for a precise cut

Isio
Europe's most successful cordless shrub and edging shear.

powered by **Li-Ion** technology

The Isio is handy, very lightweight and always ready for use because the compact lithium-ion battery ensures full power and short charge times. As a cordless shrub shear, it is perfect for shaping shrubs and small hedges. As a cordless edging shear, it is perfect for accurately cutting the edges of your lawn. It is considerably lighter and more compact than comparable tools and fits comfortably in your hand.

Flexible edging

The telescopic handle can be adjusted by 35 cm and allows for horizontal and vertical edging.

Blade changing at the push of a button

Thanks to Bosch SDS, the blades of the edging and shrub shear can be quickly and easily changed without the need for tools.

Isio Cordless Shrub Shear and Edging Shear

- ▶ Compact and lightweight: for effortless cutting of bushes, small hedges and lawn edges
- ▶ Reliable: no self-discharge, no memory effect
- ▶ Perfect: laser-cut quality blades ensure a top-class cut

More information on Page 27, the appropriate accessories on Page 30.

Perfect for shaping shrubs and small hedges

Use the Isio shrub shear to individually design small box shrubs on the balcony or patio.

Less weight, more power.

The new Bosch Cordless Hedgecutter makes work easy for you. It does not need a power socket, it is durable due to lithium-ion technology and with a third less weight it is the lightest cordless hedgecutter in the world. The patented Power-Tech system with intelligent microelectronics ensures powerful work without stalling.

15 mm tooth spacing, enabling you to cut even medium-thick branches perfectly

NEW!

Winner of weight comparison: up to 30% lighter than comparable tools

Lithium-ion batteries: more power with less weight, no self-discharge, no memory effect

Patented anti-stall technology for extra cutting power

If the hedgecutter fails to immediately cut through a thick branch, the innovative microelectronics detect this and instantly adjust the running direction of the blades to provide the power needed to cut through cleanly. Power-Tech carries on cutting where other tools get stuck, therefore ensuring rapid work progress.

Practical with Collecto

The useful Collecto (accessory) collects the hedge clippings with every sweep, making clearing up a quicker task.

New: Cordless Hedgecutter AHS 52 LI

- ▶ Ergonomic: lightweight and handy with robust design
- ▶ Intelligent: the patented Power-Tech system enables the tool to carry on cutting powerfully where other tools get stuck
- ▶ Reliable: no self-discharge, no memory effect thanks to innovative lithium-ion battery

More information, also about the AHS 48 LI with a blade length of 48 cm, can be found in the complete range overview on Page 26, appropriate accessories on Page 31.

Highest power. Longest cut.

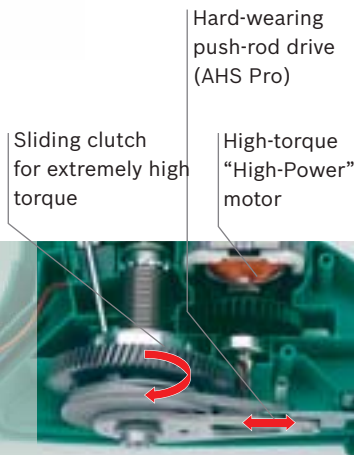

Whatever height or width of hedge, thickness of the branches or toughness of wood – Bosch have the hedgecutter to suit. The ergonomic design ensures optimum balance and, with quality diamond ground blades as standard, a clean cut.

AHS 7000 Pro-T

Perfectly flush

The protector with impact guard collects hedge growth close to the edge of walls and floors without damaging the blades.

Hedgecutter AHS 7000 Pro-T

- ▶ Superb cutting performance: torques of up to max. 80 Nm, extremely hard blade steel cuts thick branches up to 34 mm in diameter
- ▶ Advanced handle ergonomics: optimum balance and four switch positions for relaxed and balanced working
- ▶ Blade protector: for cutting close to the edges of walls and floors

Comes complete with Collecto.

Hedgecutter AHS 63-16 C

- ▶ Unbelievably lightweight: very handy due to low weight
- ▶ Extremely user-friendly: high handle ergonomics for convenient working in any position
- ▶ Outstanding cutting performance: high-torque motor and quality, diamond ground blades

More hedgecutters with different blade lengths can be found in the complete range overview on Page 26/27, the appropriate accessories on Page 31.

The harder the hedge, the greater the blade length and motor power required. Gardeners who heed this simple rule will find exactly the right solution in the hedgecutter range from Bosch. And this is important if you are working outdoors not only to get fresh air but also to have fun.

Powerful without a cable. Non-stop with 2 batteries.

The Bosch Cordless Hedgecutter can even cut medium-thick branches because the cutting edge of the steel blade is diamond-ground. This guarantees powerful cutting – and makes it incredibly easy thanks to the low weight and practical design. The batteries included ensure high levels of endurance: 50 metres of hedge or 110 minutes running time with the battery double pack.

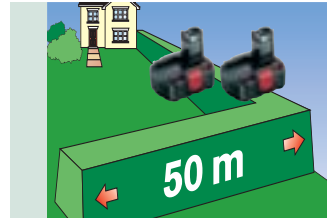

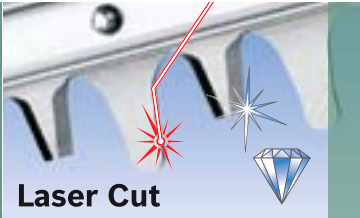

Laser-cut and diamond ground

Optimum cutting results thanks to the hardened cutting edges and the precision diamond grinding.

Advanced handle ergonomics

Optimum balance and ergonomics for convenient working in any position.

More stamina

50 metres of hedgecutting or 110 minutes running time with the double battery pack.

Only from Bosch: Collecto clippings sheet

The practical Collecto (accessory) collects the hedge clippings with every sweep, making clearing up a quicker task.

Hedgecutter AHS 52 Accu

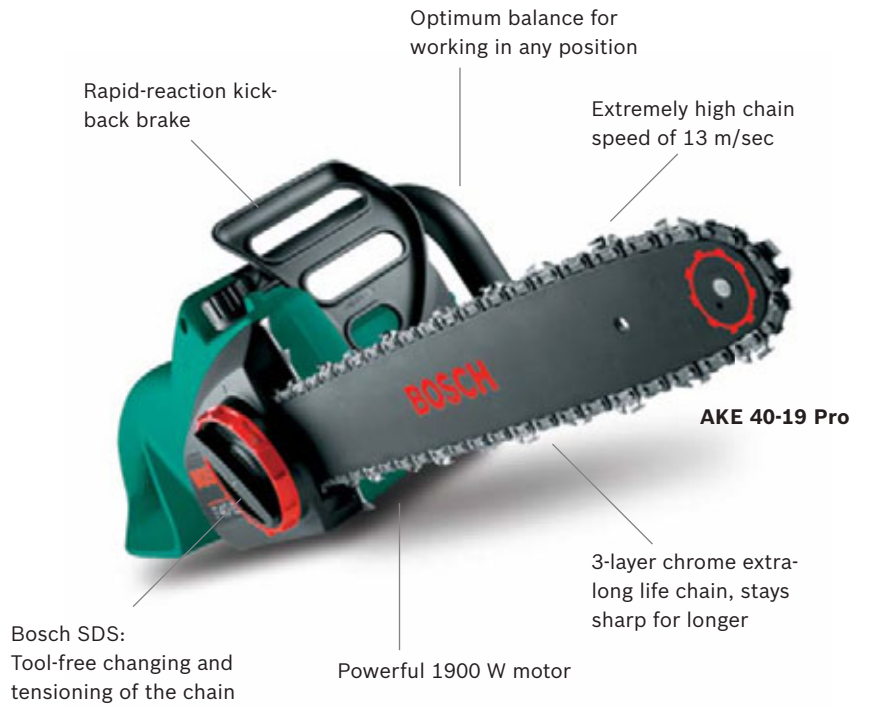

- ▶ More stamina: 50 metres of hedgecutting or 110 minutes running time with the double battery pack
- ▶ More power: powerful cutting of hedges and medium-thick branches
- ▶ More enjoyment: low weight and ergonomic design

More information, also about the AHS 41 Accu with a blade length of 41 cm, can be found in the complete range overview on Page 26, appropriate accessories on Page 31.

Superb performance.

With high chain speeds of up to 13 m/sec, the Bosch range of chainsaws have the speed and power to cut through the toughest wood quickly and cleanly. All the models come complete with a quick stop kick-back brake and are well balanced for comfortable use at any angle.

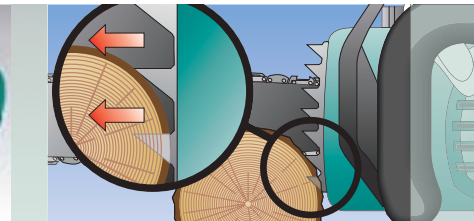

Sharper for longer
The three-layer chrome coating on the chain surface ensures a long lifetime. (AKE Pro)

Tool-free with Bosch SDS
3 steps, no tool – changing and tensioning the chain has never been so easy.

Practical carrying case
Convenient and safe transportation and large enough to store additional accessories. (Carry case supplied with AKE Pro)

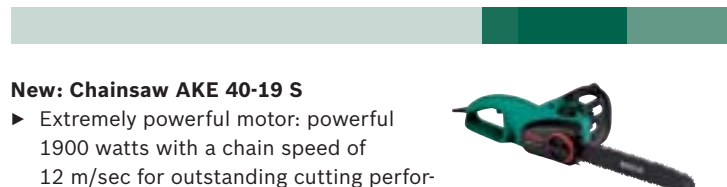

More stability thanks to a firm hold
7 steel gripping teeth hold the saw firmly on the wood for increased stability when sawing.

Chainsaw AKE 40-19 Pro

- ▶ Top performance: 1900 watts with a chain speed of 13 m/sec for outstanding cutting performance
- ▶ Bosch SDS: easy, precise, tool-free changing of the chain
- ▶ 3-layer chrome extra-long life chain: extremely durable chain due to three-layer chrome coating
- ▶ Drive link thickness: 1.3 mm

More information, also about the AKE 35-19 Pro with a chain bar length of 35 cm, can be found in the complete range overview on Page 26/27, appropriate accessories on Page 31.

New: Chainsaw AKE 40-19 S

- ▶ Extremely powerful motor: powerful 1900 watts with a chain speed of 12 m/sec for outstanding cutting performance
- ▶ Bosch SDS: easy, precise, tool-free changing of the chain
- ▶ Extremely robust: top quality for frequent use and long life
- ▶ Drive link thickness: 1.1 mm

More chainsaws with different chain bar lengths can be found in the complete range overview on Page 26/27, appropriate accessories on Page 31.

Less effort, more power.

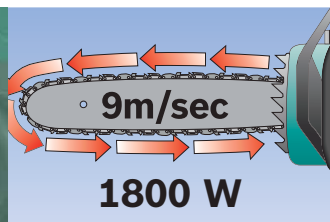

For the occasional cutting of fruit trees or sawing firewood and branches, these new Bosch Chainsaws are the right equipment for the job. Available in a variety of sizes, they offer great value for money. A full range of accessories is also available. When sawing powerfully, nobody wants to have to interrupt their work for long. This is why even the “small” Bosch Chainsaws have SDS – for fast changing or tensioning of the chain without tools.

New Bosch one-hand SDS system
Clamp, turn twice, and the saw is ready to go.

Optimised saw chain
Narrow chain profile and high chain speed (9 m/sec) for fast, precise cutting.

Automatic oil lubrication
Long lifetime with minimised chain wear due to automatic oil lubrication with oil-level indicator.

New: Chainsaw AKE 40 S

- ▶ Precise sawing: 1800-watt motor and quality chain
- ▶ Bosch technology: new one-hand SDS system for easy changing and tensioning of the chain
- ▶ Quality: robust design for long lifetime

More chainsaws with different chain bar lengths can be found in the complete range overview on Page 26/27, appropriate accessories on Page 31.

Europe's best-selling quiet shredders.

Bosch Quiet Shredders have achieved an extremely high level of customer satisfaction for over 10 years. Whether with the cutting drum mechanism or the spiral cutting system – Bosch Quiet Shredders impress with their quality, durability and high performance. And they are so quiet that they have been awarded the “Blue Angel”.

Automatic feed pulls branches in without the need for pushing, increasing the throughput/hour

The unique reverse action of the “Block Release System” safely releases blockages without dismantling the hopper

Cutting drum mechanism reduces noise emissions to only 84 dB(A)¹

High-performance “High-Power” motor with 2500 watts and 652 Nm of torque

AXT 2500 HP

True automatic feed

The branches are pulled in and shredded without recoil and without the need for pushing the shredding material through.

**Watt +
Max Power**

High-performance planetary gears

Developed by Bosch for long life, optimum power transmission and smooth running.

Cutting drum mechanism

With a torque of 652 Nm, the cutting drum mechanism offers extremely high power for the thickest and hardest wood.

Spiral cutting system

With a torque of 99 Nm, the spiral cutting system is the optimum solution for normal requirements.

Quiet Shredder AXT 2500 HP

- ▶ Low noise: so quiet that it has been awarded the “Blue Angel”
- ▶ Powerful: shreds up to 40-mm-thick branches with up to 652 Nm of torque
- ▶ Fast: up to 150 kg/h material throughput rate with automatic feed

Quiet Shredder AXT 2000 HP

- ▶ Low noise: so quiet that it has been awarded the “Blue Angel”
- ▶ Powerful: shreds up to 38-mm-thick branches with up to 99 Nm of torque
- ▶ Fast: up to 115 kg/h material throughput rate with automatic feed

The complete range overview with more quiet shredders can be found on Page 26 and appropriate accessories on Page 31.

¹ Noise emission/acoustic power:

84dB(A): measured with fresh wood, <91dB(A): measured by the “Blue Angel” test method (RAL UZ 54) using dry wood, 92dB(A) guaranteed noise emission level: measured according to “2000/14/EC”.

Razor sharp – for outstanding shredder performance.

The laser-cut precision blade made of specially hardened steel delivers unbelievable cutting power and a considerably longer lifetime. The Bosch Powerdrive™ motor provides a high material throughput rate. This means that it has approximately seven times more cutting power at start up than that of its competitors. As the same would suggest, the Rapid shredder is engineered for fast and easy work.

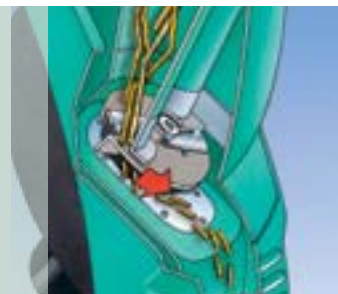

Patented hopper

Innovative patented hopper design and practical plunger for considerably quicker material throughput.

Blade cutting mechanism

Approximately seven times more cutting power at start up than that of conventional blade shredders, thanks to Powerdrive™ motor.

Blade Shredder AXT Rapid 2200

- ▶ Patented: filling hopper and practical plunger for the easiest filling and fastest material throughput
- ▶ Sharp: laser-cut precision blade with superb cutting and 70% longer lifetime
- ▶ Superior: Bosch Powerdrive™ motor – maximum torque in any situation

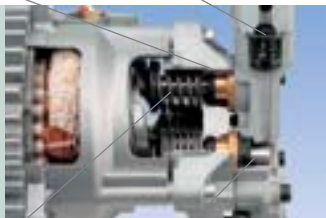

The complete range overview with more Rapid shredders can be found on Page 27 and appropriate accessories on Page 31.

Attack the dirt in style.

Bosch High-pressure Washers – high power, outstanding durability and ease of use. Exceptionally powerful motors with up to 3000 watts guarantee high performance. High-quality metal pumps ensure a long lifetime. Every tool comes complete with a selection of versatile accessories.

The heart
Powerful induction motor with 3000 watts for high performance.

Brass piston guide

Rustproof back flow valve

High-pressure spring

Stainless steel piston

The exception on the market
Premium-quality brass pump for long lifetime.

Integrated detergent tank

For stubborn dirt, simply fill with detergent and set the lance to low-pressure.

High-pressure Washer Aquatak 160 Pro X

- ▶ Powerful, durable brass-head pump for extreme loads, powerful induction motor
- ▶ Ergonomic: easy to manoeuvre, fully integrated accessories holder, integrated detergent tank
- ▶ Versatile: ideal for boats, horse trailers, tractors, trucks and large surfaces

The complete range overview with more Aquatak high-pressure washers and appropriate accessories can be found on Page 28/29.

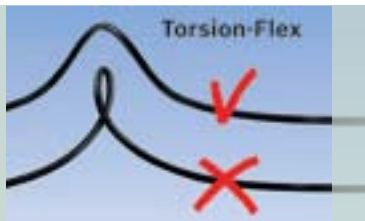

Ready to go in seconds.

Never before has high-pressure washing been this convenient because the new Aquatak Clic is full of good ideas. Simply lay it down and off you go. The “Easy-Roll” feature enables you to quickly unwind the cable and the high-pressure hose. A special reinforcement called “Torsion-Flex” prevents annoying kinks in the high-pressure hose. A ball joint makes it easy to connect the hose to the 4-Jet lance, which offers four functions and saves you having to continuously change the nozzle. As soon as you are finished with your work, briefly tug the cable and hose. They will then both automatically wind up thanks to the “Easy-Roll” feature. It's really easy.

“Torsion-Flex” high-pressure hose prevents buckling and knotting.

“Easy-Roll” – automatic winding system for high-pressure hose and mains cable.

Convenient, foot-operated on/off switch.

High-pressure Washer Aquatak Clic 140

- ▶ Bosch innovation: “Torsion-Flex” high-pressure hose prevents buckling and knotting
- ▶ Cutting edge technology: “Easy-Roll” automatic winding system for high-pressure hose and cable enables quick and easy operation
- ▶ Versatile: 4-Jet lance offers four functions: high pressure with fan spray, rotating pencil jet or fixed pencil jet, and low pressure for lathering and rinsing

The complete range overview with more Aquatak Clic high-pressure washers and appropriate accessories can be found on Page 28/29.

Ideal for everyday cleaning tasks.

Get rid of dirt! The Bosch Aquatak 115 Plus is the ideal washer to help you with this. Its wide range of accessories are practically stored on the tool. With three different lances you are perfectly equipped to clean walls, remove moss from paving slabs, clean garden furniture, and wash bikes, mopeds and cars – simply vary the water jet and its pressure according to the hardness of the dirt and the sensitivity of the surface.

Easy to transport with lightweight, upright design

Comes complete with a wide range of accessories, now with a free Flexi-Jet lance

Best nozzle performance due to high-quality metal pump

Integrated detergent tank

Aquatak 115 Plus

Vario-Jet-Fan

Variable adjustment from high-pressure to low-pressure and from fan spray to a single jet.

Extremely powerful

The oscillating jet of the roto nozzle dislodges even the most stubborn dirt in seconds.

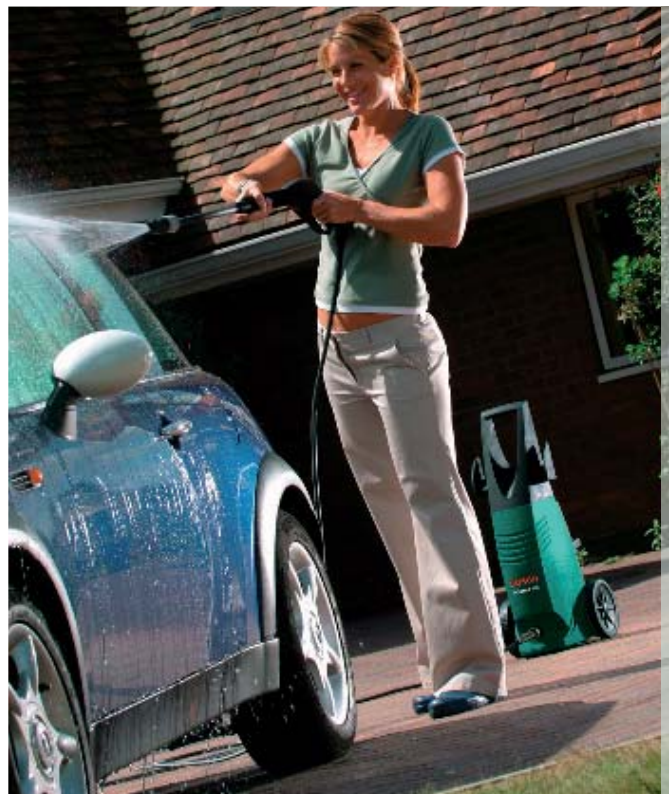

Flexi-Jet lance

360° rotating ball head joint for convenient cleaning in hard-to-reach areas.

High-pressure Washer Aquatak 115 Plus

- ▶ Powerful: high-performance, durable light metal pump
- ▶ Ergonomic: low weight, easy to manoeuvre, integrated accessories holder
- ▶ Versatile: Vario-Jet-Fan lance, ideal for vehicles, walls, motorbikes, medium-sized patios and driveways, including wash brush

The complete range overview with more Aquatak high-pressure washers and appropriate accessories can be found on Page 28/29.

Small and mobile but very powerful.

At last, a small high-pressure washer on four wheels. The extremely lightweight and compact but very powerful Bosch Aquatak Go follows you wherever you need to clean. Patio floors, planters, pond borders, windows,

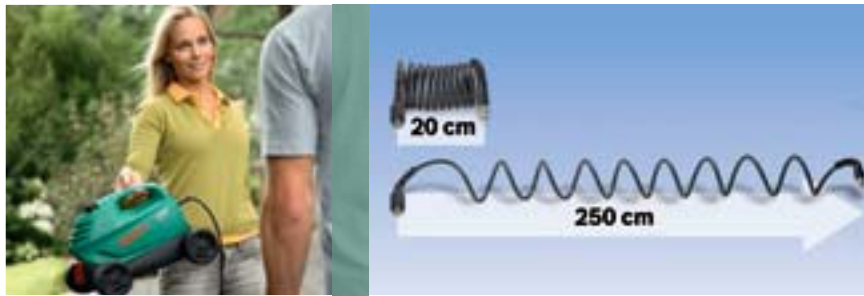

steps, wellington boots – the innovative spiral hose stretches and extends to get the work done. It can then be stored in a very small space. This brings a whole new meaning to the term “wash & go”.

Lightweight and compact

The new Aquatak Go weighs only 3.5 kg, making it an extremely lightweight tool.

Mobile and flexible

The 2.5 m long hose is extremely small when wound up. When it is not being used, it is only 20 cm short.

Ergonomic spray gun with practical swivel coupling prevents twisting of the spiral hose

Innovative spiral hose with 2.5 m range – only 20 cm long when coiled

Lightweight, compact, mobile

NEW!

Removable, four-wheeled trolley that follows you wherever you 'GO'

Aquatak Go Plus

High-pressure Washer Aquatak Go Plus

- ▶ Bosch innovation: practical trolley for great freedom of movement
- ▶ Versatility: spiral pressure hose for compact storage and large range
- ▶ Handiness: the lightest and most compact high-pressure washer – only 3.5 kg

More information, also about the Aquatak Go, can be found in the complete range overview and appropriate accessories on Page 28/29.

Why get wet when you can stay dry!

The Bosch Aquasurf Patio Cleaner ensures that surfaces can be cleaned without spraying water everywhere. And it saves a lot of time: with its closed dome and its two high-pressure spray nozzles, it cleans three times as fast as the standard jet lance. The optimum solution for all requirements – whether driveways, patios, house walls or garage doors.
