

**LED LENSER® P17**  
 Maximum performance in extreme situations

*Advanced Focus System*

|               |                    |
|---------------|--------------------|
| LED           | High End Power LED |
| Length        | 315,5 mm           |
| Weight        | 799 g              |
| Luminous flux | 220 lm*            |
| Batteries     | 3 x D 1,5 V        |
| Energy tank   | 90 Wh              |
| Burning life  | 480 h**            |
| Beam distance | 330 m*             |

Technical Data

Police officers, firefighters and emergency forces need robust, super-bright flashlights that have to be shock-proof and resistant to great variations in temperature. 3 D batteries provide energy and a surprisingly long service life at low cost. The Dynamic Switch always provides the right kind of light, so that the lamp not only has an extremely long range but is also suitable for dazzle-free reading.

Included in delivery: batteries

**Item No. 8417**  
**Blister No. 8617**

\* Luminous flux (lumens) resp. max. beam distance (meters) in the brightest function when switching on with new set of fresh alkaline batteries. Average values, may vary ± 15% depending on type of chip and batteries.  
 \*\* Average hours of burning life as measured in the least energy-consuming mode and until residual luminous flux amounts to 1 lumen.
