

 Makers of the Original Swiss Army Knife

directory

 VICTORINOX

In 1884, Karl Elsener started his cutlery factory in the small village of Ibach, Switzerland, where he pioneered the creation of a 'Soldier's' pocket knife for the Swiss Army. In 1897, he created a lighter, more elegant 'Officer's Knife' that would later, in remembrance of his mother, Victoria, become known around the world as the Victorinox® Original Swiss Army Knife™. Today, this ingenious, award-winning swiss army knife remains an icon of precision, quality, functionality, versatility and outstanding value.
