# Introduction

Dremel is the inventor of the famous high speed rotary tool system which you can use for a great number of projects where precision is required, both in door and out:

DIY-projects: like fixing a hinge of a door or sanding parts of a wooden swing.

Hobby projects: like making model planes, or fixing parts of your classic car.

Creative projects: like engraving glass, wood or other materials.

The possibilities with the Dremel system are almost infinite. With your Dremel you become the expert in handling projects with great detail and in hard to reach places. Whether you are an experienced craftsman working with great care on details of a car or model plane, or a beginner, taking on hobby projects, the Dremel system is perfect for anyone looking for precision and a wide variety of possibilities.

The innovative Dremel System has developed into a great range of tools and over 150 accessories and attachments.

The Dremel system consists of three components:

A. Tools

B. Accessories

C. Attachments

In this brochure the Dremel system will be explained, helping you find the right tools, attachments and accessories for every project.

# Project catalogue

This section of the catalogue provides ideas and hints on the inspiring projects you can do with your Dremel. All projects that are shown have the following things in common: They are inspiring, fun to do and require an eye for detail. To make it easier for you we will show you which accessory you can use for certain applications, but these are just examples. There is much more you can do with Dremel.

1. Car restoring

2. Model building

3. Jewellery

4. DIY Indoor / Outdoor

5. Decoration

6. Case modding

7. Making your own wooden toys

## 1. Car restoring

With Dremel you can either renovate your oldtimer back to its original state or repair and modify some detailed aspects of your car.

### Classic car renovations

Polish chrome parts of your car with the polishing wheels 414.

Remove rust from the carrosserie roughly with a carbon steel brush 428.

Grind sharp edges of rust from the exhaust pipe with the grinding stone 952.

Cut-off parts of the exhaust pipe with the reinforced Cut-off wheels 456.

Use the Dremel VersaFlame for soldering of chrome parts of your car.

## Car adjustment

For attaching a hand free mobile kit you can drill holes with the drill bits 628.

Clean parts of your engine with the carbon steel brushes 442.

## 2. Model building

Like to work on the details of your model building projects? Dremel can help you become an expert in performing these very detailed projects

### Model boat

Drill holes in the wooden frame of your model boat with the wooden drill bits 636.

Create a smooth surface with the sanding bands 407.

### Model plane

Smooth and polish that wooden surface with the sanding bands 407.

Adjust the size of metal pieces with the cut off wheels 456.

## Model car

Adjust the size and shape of metal pieces with the cut off wheels 456.

Drill holes with the drill bits 628.

Sand uneven surfaces with sanding bands 431.

Use the Dremel Driver to tighten the screws of your model cars.

Use the Dremel VersaTip for shrinking cables of your model car.

## Others

Glue parts of your project together by using the Dremel Glue Gun.

Use the Dremel VersaTip for detailed soldering of miniature buildings.

### 3. Jewellery

Always lovely to see beautiful homemade jewellery. With Dremel you can create your own exclusive jewellery.

#### Jewellery making

Drill precise holes with the drill bits 628.

Decorate in detail with the engraving cutter 7103.

Clean your jewellery before polishing it with the bristle brushes 403.

For a beautiful finish use the polishing wheels 414.

Use the heat of the Dremel VersaTip to easily shape your jewellery.

#### 4. DIY Indoor / Outdoor

Use Dremel to tackle a wide variety of DIY jobs in and around the house.

Polish chrome accessories with the polishing wheels 422.

Remove old grout in between tiles with the grout removal attachments 658.

Trim laminate with the cut off wheels 456.

Prepare banisters and spindles for repainting with the sanding bands 407.

Use the Dremel VersaFlame to soft solder the metal frame of your lamp-shade.

## Indoor

Use your Dremel VersaFlame for hard soldering of waterpipes.

For bending plastic pvc pipes use the Dremel VersaFlame.

Use the Dremel Driver for tightening screws everywhere in your house.

Shrink cables with the Dremel VersaTip to repair your lamp.

Use the Dremel Engraver to mark many objects in your house.

## Outdoor

Sharpen your garden tools with the lawn mower sharpening attachment 675.

Remove rotten wood from your door with the sanding bands 438 and the structured tooth tungsten carbide cutter 9937.

Remove dirt from garden ornaments with the polishing wheels 428.

Polishing chrome and brass doorknobs with the polishing wheel 422.

Every time you have to tighten a screw around your house and garden, use the Dremel Driver.

## 5. Decoration

Create beautiful ceramic designs, engrave detailed decorations on many materials and decorate all your projects with the many possibilities of the Dremel tools.

### Engraving glass/ceramics/nameplates

Create beautiful decorations on your ceramic pots or plates with the diamond wheel points 7103.

Engrave name plates on metal or wood using the engrave diamond wheel points 7105.

Engrave glass with the diamond wheel points 7144.

## Making ceramic pots and mirrors

Engrave detailed decorations with the diamond wheel points 7105.

Cut-off straight pieces of ceramics with the diamond wheel 545.

Use the grinding stones 84922 for shaping ceramics pieces.

Use the Dremel GlueGun to glue ceramic parts onto your project.

## Decorating

Use the Dremel Glue Gun with GlitterGlue to decorate your mirror, candleholders and more.

Use the Dremel Glue Gun to glue shelves on your project.

Use the Dremel VersaTip for all your woodburning projects.

Glue decoration material on a photo frame by using the Dremel Glue Gun.

## 6. Case modding

Engrave decorations on glass, add neon-lights, insert blue-lighted vents and much more: With Dremel you can now personalise your computer.

### Case modding

Cut pieces of metal with the cut off wheels 426.

Polish chrome parts of the computer with the polishing wheels 414.

Engrave decorative figures into the mirror-glass with the diamond wheel point 7105.

Drill holes with the drill bits 628 in order to insert a vent.

## 7. Making your own wooden toys

Remember those wooden toys from the old days? With Dremel you can create those wooden creatures for your children.

### Making your own wooden toys

Use the Dremel Engraver to engrave your wooden car any way you want.

Shape the piece of wood with the high speed cutters 144.

Sand the wooden edges of the toys with the sanding bands 407.

Drill holes with the drill bits 628.

Use the Dremel VersaTip to cut strings without fraying.

# Tools

Dremel has created a number of high speed rotary tools, corded as well as cordless. Every tool has specific features that makes it unique in its class. Dremel has developed each tool to meet the highest quality standards and optimize your enjoyment and comfort while working.

## Technical specifications

Rated power input	125 W
Voltage	230 V
Weight	0,55 kg
No load speed	10.000 - 33.000 1/min

The Dremel 300 series is the Dremel multitool, which is unique for its ergonomic design. It offers the user a comfortable grip with a convenient lightweight housing. The Dremel 300 Series is the ideal tool for users that like to perform detailed tasks, whether it's occasionally or regularly. Use the high quality Dremel accessories and attachments, to discover numerous possibilities: detailed sanding, precise routing, polishing for a great finish or even cutting through all kinds of materials, the only limit is your imagination. With the Dremel 300 Series, Dremel offers great quality at a very affordable price.

## Features and Benefits

- 1 Unique design**  
improved ergonomics and increased comfort
- 2 Comfort switches**  
to match the speed to the project at hand
- 3 Variable speed - 10.000 – 33.000 RPM**  
more comfortable when handling and better control
- 4 Attachment interfaces**  
to attach DREMELite and other (future) attachments
- 5 On-board wrench storage**  
to have the wrench always at hand and nicely stored
- 6 Integrated hang hook**  
for hanging the tool on the WorkStation or near the project
- 7 Soft grip**  
for reduced vibration and a better grip
- 8 125W motor**  
for optimal performance

# DREMEL® 400 Series DIGITAL

## Technical specifications

Rated power input	140 W
Voltage	230 V
Weight	0,59 kg
No load speed	5.000 - 33.000 1/min

The Dremel 400 Series Digital is the perfect multitool for projects that require the utmost precision. Thanks to the unique digital display, you can work more precisely on several materials that require different speed settings, either low or high. Combined with the convenient tool design, this multitool is the perfect partner for every job demanding precision and control. Restoring delicate parts on antique furniture, on detailed woodworking, polishing chrome on low speed, or drilling miniature holes in several materials; this tool is an absolute must for the most demanding craftsman. The Dremel 400 Series Digital: maximum precision and control.

## Features and Benefits

- 1 Slim housing design**  
allows maximum control and excellent grip
- 2 Variable speed control 5.000 - 33.000 RPM:**  
for exact speed adjustment in 1.000 RPM increments
- 3 LCD display**  
shows exact speed settings
- 4 Separate on/off switch**  
provides increased control and keeps speed setting after tool is switched off
- 5 140W motor**  
for maximum performance
- 6 Electronic feedback control**  
enhances the torque and performance at low and mid range speeds
- 7 Soft start function**  
improves the lifetime of the motor
- 8 Hang hook**  
for hanging the tool on the WorkStation or near the project

# DREMEL® 400 Series DIGITAL (400-1/55)

This kit includes the top-of-the range Digital Multitool from Dremel, with innovative features such as digital speed control, LCD display, electronic feedback circuitry and soft start. Additionally, the kit includes the Flex Shaft Attachment, which is the ideal attachment for precise, detailed work on hard to reach places. Next to the Flex Shaft Attachment, the kit includes 55 original Dremel accessories and a sturdy carrying case.

# DREMEL® 10.8 V Lithium-Ion

## Technical specifications

Battery voltage	10,8 V
Charging time	3 h
Weight	0,424 kg
No load speed	5.000 - 35.000 1/min
Battery technology	Lithium-Ion

The Dremel 10.8 V Lithium-Ion is the fastest (5.000-35.000 RPM) and most powerful cordless rotary tool available. Thanks to its lithium-ion technology: The tool is lightweight and easy to handle. The battery retains its power even after not using it for a long period of time. The tool can be charged at any time without damaging the battery capacity. The Dremel 10.8V Lithium-Ion: ready when you are, wherever you are!

## Features and Benefits

- 1 Lightweight design**  
which makes the tool easy to handle
- 2 Soft grip**  
for reduced vibration and a better grip
- 3 Battery fuel gauge**  
which indicates the current battery capacity
- 4 Lithium-ion battery**  
no memory effect and no self discharge
- 5 Ergonomic housing**  
increases comfort when working the tool
- 6 Attachment interfaces**  
to attach DREMELite and other (future) attachments

# DREMEL® 10.8V Lithium-Ion (8000-60)

The Dremel 10.8V Li-ion Cordless tool is the first power tool in the world to feature Li-ion battery technology. Li-ion batteries can be charged at any time, have no self-discharge and weigh up to 30% less than conventional NiCd cells. Most importantly, Li-ion technology allows this cordless tool to perform like a corded tool. In addition to the tool, the kit features a three hour charger, a soft bag and 60 original Dremel accessories.

### Contents

- 60 high Quality Dremel accessories
- 3 hours quick charger
- Soft bag
- the Dremel 10.8V Lithium-Ion
- 3,2 mm collet
- Collet nut
- Collet wrench

# DREMEL® Driver Lithium-Ion

**New**

## Technical specifications

Battery voltage	7,2 V
Battery capacity	1,0 Ah
Charging time	5 h
Weight	0,430 kg
Length	12,6 cm
Variable Speed	0 - 300 1/min
Battery technology	Lithium-Ion

The cordless 7.2V Dremel Driver Lithium-Ion, with innovative features like variable speed (0-300rpm), electronic speed brake and automatic spindle lock, offers a compact and ergonomic solution for any project where powerful and precise drill driving is required. 8 hexagonal bits (included) are easy to change due the magnetic collet system.

Dremel Driver: Short tool great power.

## Features and Benefits

- 1 7.2V Lithium-Ion battery**  
With Electronic Cell Protection for longer battery life
- 2 Compact and lightweight design**  
For difficult to reach spaces: Length 12,6 cm
- 3 Variable speed (0-300rpm)**  
For different applications
- 4 Precision trigger**  
With forward/reverse
- 5 Electronic motor brake**  
For precision braking and reducing screw stripping
- 6 Magnetic bit holder**  
For easy inserting bits without wrench
- 7 Softgrip**  
For a comfortable hold and reduced vibration
- 8 Charger**  
With detachable storage pod

# DREMEL® Driver Lithium-Ion (1 120-8)

This kit includes the Dremel Driver Lithium-Ion, for any project where precision is required. Together with the Driver the kit also includes the Charger, 8 hexagonal bits and the bit holder pad (detachable from charger). Perfect for situations where cordless precise drill driving is needed.

## Contents

- Dremel Driver 7.2V Lithium-Ion
- Charger
- 8 High quality bits (incl. 2 hex bits for IKEA use)
- Detachable bit stand
- Welcome poster
- Instruction manual

# DREMEL® VersaFlame

**New**

## Technical specifications

Weight	0,227 kg
Ignition	Piëzo
Burn time	75 - 90 min
Tank capacity	42ml / 22g
Temperature	1200C (open air) 680 - 1000C (hot air) 550C (tips)

The Dremel VersaFlame™ is the only stationary burner that safely combines open flame use with a catalyst and soldering head, making it the most versatile stationary burner in the market today, especially for DIY applications. The Dremel VersaFlame™ is powered by liquid butane gas for quick heat-up and fast recharge. Applications can be described as: soldering, shrinking, welding, etc.

## Features and Benefits

- 1 Tank capacity of 22 grams**  
Longer use; full tank lasts up to 75 min at maximum capacity
- 2 Child safety lock mechanism**  
Children can't turn on the tool
- 3 Flame lock button**  
For continuous hands-free use
- 4 Stationary use**  
By attaching removable foot
- 5 Precise flame**  
Allows for detailed open flame work
- 6 Powered by liquid butane gas**  
Use anytime anywhere
- 7 Very short heat-up time and quick recharge**  
Always ready to use
- 8 Durable quality**  
Long lifetime
- 9 Variable temperature setting**  
Select the right temperature for your project

# DREMEL® Versa-Tip

The cordless 6 in one gas-torch. The perfect tool for soldering, melting, shrinking, pyrography and hot cutting. The only soldering iron that combines a multitude of applications in one tool, thanks to its ability to use 6 interchangeable tips.

## Examples of usage

### 1 Soldering

For soldering electronic parts of your computer/remote control model cars/plans etc.

### 2 Hot cutting

Make a clean cut in wood

### 3 Woodburning

Create beautiful accents in wood

### 4 Melting

In order to easily bend materials heat up your project with your Dremel VersaTip

### 5 Shrinking

For effective shrinking of cables from your computer or anywhere else

### 6 Paint Removing

Easily remove paints from small areas with precision

## Features and Benefits

### 1 Versatile

One tool for 6 different applications

### 2 Powered by liquid butane gas

Use anytime anywhere

### 3 Very short heat-up time and quick recharge

Always ready to use

### 4 Child safety lock mechanism

Children can't turn on the tool

### 5 Precise

Allows for detailed and intricate work

### 6 Durable quality

Long lifetime

### 7 Variable temperature setting

Select the right temperature for your project

# DREMEL® Glue Gun

The Dremel glue gun is the most richly featured glue gun in the market. Its innovativ design and numerous features make it user friendly. The features are specially designed for making the job of glueing easier. The glue gun is the ideal tool for a wide variety of projects: model building, woodworking, scrapbooking or casemodding.

## Features and Benefits

### 1 Dual temp

For working on a wide range of materials

### 2 Anti drip tip

prevents hot glue from dripping onto your workpiece

### 3 LED light

lights the area you're working on

### 4 Kick-stand

one hand operated kick-stand provides stable placement on the work surface

### 5 Large 3 finger trigger

allows precise applying of glue

### 6 Big foot

offers stability when placed on the work surface

### 7 Soft grip

for comfortable hold

### 8 Standard glue stick size

to make it compatible with wide array of glues

### 9 Indicator lights

tell you when the gun is ready to operate

### 10 3-way switch

select the right temp setting for the project at hand

# DREMEL® Glue Gun (1200-3/6)

## Contents

Dremel Glue Gun  
3 different nozzles  
6 Glue sticks (dual temperature)

## Technical specifications

Rated power input	30 W
Voltage	230 V
Weight	0,36 kg
Dual temperature	120 / 195 °C

## Order information

Ordernumber: F0131200JB

EAN: 8710364033904

# DREMEL® Engraver

Engrave or decorate a wide variety of materials like, metal, plastic, glass, ceramic, wood and leather.

Including a letter & number template for easy engraving of letters & numbers.

## Features and Benefits

- ❶ **Reciprocating action for optimal engraving control**
- ❷ **Variable stroke depth**  
for various engraving effect
- ❸ **Soft grip**  
for comfortable handling
- ❹ **Replaceable carbide**  
for use on a wide variety of materials
- ❺ **Seperate on/off switch**  
to keep depth setting

# DREMEL® Engraver™ (290-1)

## Contents

DREMEL® Engraver™  
Replaceable carbide engraving point  
Letter & number template  
Instruction manual

## Technical specifications

Rated power input	35 W
Voltage	230 V
Weight	0.31 kg
Strokes per minute	6000

# Accessories

To optimise your project result, you need the right accessories with a high quality standard. Dremel has created a range of accessories to suit all your needs. To help you select the right accessories, Dremel has created a colour coding system: every colour represents a category of applications. This will help you to select the right accessories for your jobs. No matter which materials you want to work with, Dremel has a solution for you.

## Carving / Engraving / Routing

Dremel offers high quality carving, engraving and routing accessories for many different applications. Their sharpness and durability allow them to last a long time.

## Grinding / Sharpening

The accessories in this category can deburr, smooth, grind and clean a variety of materials in any kind of job.

## Cleaning / Polishing

Dremel cleaning and polishing accessories include brushes, felt accessories and rubber points to work on steel, aluminium, brass, silver, gold and plastics.

## Cutting

Dremel provides two types of cutting accessories for any cutting job; Cut-off wheels and cutting bits. Cut-off wheels cut metal, wood and plastic along their edge. Cutting bits are used with the Dremel cutting guide and cut in any direction.

## Sanding

Dremel sanding accessories include sanding drums, bands, discs, flapwheels and abrasive buffs to remove and smoothen material.

## Collets / Mandrels / Miscellaneous

This category features the miscellaneous extras, like drill bits, collets, mandrels and a multi-chuck.

## Accessory Kits

200-pcs Accessory Set (704)  
140-pcs Accessory Set (700)  
100-pcs Accessory Set (701)  
Cleaning / Polishing Set (684)  
Multipurpose Set (687)  
Cutting Set (688)

SpeedClic™

**DREMEL®**  
SpeedClic™

Dremel, the inventor of the Multitool, now brings you SpeedClic - an innovation that makes changing cut-off wheels quick and easy. Through a patented mandrel and wheel design, Dremel has found a way that enables you to change your accessory in 3 simple steps - Pull, Click, Twist - without using any tools.

## 4. Abrasive Points

516 518

Use for finishing work and light deburring. For paint and rust removal without removing any of the base material.

Model	Quantity	Working ø mm	Shank ø mm	Ordernumber	EAN
516	1	13,0	3,2	2615051632	8710364015238
518	1	13,0	3,2	2615051832	8710364015245

# Grinding / Sharpening

## 5. Chainsaw Sharpening Grinding Stones

Precision ground for quick, easy sharpening of chain saw blades. Use with Dremel Chainsaw sharpening attachment No. 1453

Model	Quantity	Working ø mm	Shank ø mm	Ordernumber	EAN
453	2	4,0	3,2	2615045332	8710364009336
454	2	4,8	3,2	2615045432	8710364009329
455	2	5,6	3,2	2615045532	8710364009558
457	2	4,5	3,2	2615045732	8710364021697

Deburr sharp edges from the exhaust pipe of your car with the aluminum oxide grinding stone 952

# Cleaning / Polishing

## 1. Rubber Polishing Points

Blue points for finishing and polishing all ferrous metals. Removes small burrs and scratch marks left by grinding and sanding, and cleans and defines grooves. Also effective on many stones and ceramics.

Model	Quantity	Working ø mm	Shank ø mm	Ordernumber	EAN
461	1	6,4	2,4	2615046132	8710364008339
462	1	6,4	2,4	2615046232	8710364008346
463	1	6,4	2,4	2615046332	8710364008353

## 2. DREMEL® SpeedClic™: Polishing Cloth Wheel

423S

**DREMEL®**  
SpeedClic™

This wheel is ideal for polishing metals and plastics. Can also be used with mandrel 402. Quick, Easy, Keyless.

Model	Quantity	Working ø mm	Shank ø mm	Ordernumber	EAN
423S	1	25,4	3,2	2615S423JA	8710364037124

# Cleaning / Polishing

## 3. Impregnated Polishing Wheel

520

Impregnated polishing wheel for light stock removal and high luster polishing. Works on various surfaces like steel, aluminium, brass, silver, gold, hard plastic etc. The polishing wheel is impregnated with a silicon carbide abrasive and cooling lubricant, so polishing compound is not needed.

Model	Quantity	Working ø mm	Shank ø mm	Ordernumber	EAN
520	1	13,2	3,2	2615052065	8710364023035

## 4. Polishing Wheels

414

422

429

425

421

Ideal for polishing metals and plastics. Using polishing compound no. 421 with wheels produces a high luster. Use 414, 422 and 429 with mandrel 401. Use 423 and 425 with mandrel 402.

Model	Quantity	Working ø mm	Shank ø mm	Ordernumber	EAN
414	6	13,0	3,2	2615041432	8710364007141

## 5. Cut-Off Wheels

426B 456 426 540 420 409

For slicing and cutting in metal, wood and plastic. Cut-off wheels make it easy to cut or slot bolts, screws, sheet metal, thin wood and plastic. Fiberglass reinforced cut-off wheels (456, 426, 426B) are for tough applications. The cut-off wheel cuts only along its edge. Do not attempt to sand or cut curved holes with them. Use Dremel cut-off wheels with mandrel 402.

4485	1+4			2615448532	8710364007592

## 2. Multi Chuck

4486

The DREMEL multi chuck (4486) allows you to quickly and easily change accessories on your DREMEL multitool without using collets. It accepts accessories from 0,4 mm to 3,4 mm shank.

Model	Quantity	Working ø mm	Shank ø mm	Ordernumber	EAN
4486	1			2615448632	8710364012978

# Collets / Mandrels / Miscellaneous

## 3. Mandrels

401 402

Mandrels are used to mount different accessories, like felt polishing wheels or cut-off wheels.

Model	Quantity	Working ø mm	Shank ø mm	Ordernumber	EAN
401	1		3,2	2615040132	8710364007530
402	1		3,2	2615040232	8710364007547

## 4. Precision Drill Bit Set

628

The DREMEL precision drill bit set (628) contains 7 drill bits for drilling into wood or soft metal. The different diameters included are 0,8 / 1,2 / 1,6 / 2,0 / 2,4 / 2,8 and 3,2 mm.

Model	Quantity	Working ø mm	Shank ø mm	Ordernumber	EAN
628	7			2615062832	8710364009381

# Collets / Mandrels / Miscellaneous

## 5. Wood Drill Bit Set

636

The DREMEL wood drill bit set contains 4 drill bits with centering point for drilling into wood. The different drilling diameters included are 3, 4, 5 and 6 mm. The titanium coating offers high performance and longer lifetime.

Model	Quantity	Working Ø mm	Shank Ø mm	Ordernumber	EAN
636	4		3,2	26150636JA	8710364026289

Use the 628 drill bits for precise drilling in all materials, like the metal case of a computer for installing a ventilation hole.

For precise drilling in wood use the 636 wood drill set

# Accessory Kits

## 200-pcs Accessory Set (704)

200 high quality Dremel accessories in a unique storage box. The extensive selection of this set offers numerous possibilities. Neatly arranged and therefore very user-friendly. The Dremel Quick Start leaflet illustrates the included accessories and explains the materials they can be used on. This set also includes Dremel SpeedClic - an innovation that makes changing cut-off wheels quick and easy. Through a patented mandrel and wheel design, Dremel has found a way that enables you to change your accessory in 3 simple steps - Pull, Click, Twist - without using any tools.
