BE SAFE

Adventure Medical Kits Directory 2011

WELCOME

We've got you covered!

Help your customers enjoy the outdoors safely . . .

Our playing fields are often located far from the modern amenities that we take for granted – electricity, telephones, running water, and ready access to professional medical help. Consequently the need to be self-sufficient in the outdoors is essential, especially during an emergency when assistance from rescue teams may be hours or days away. Selecting the right outdoor safety gear – products that have been tested to withstand the elements and that are intuitively designed so that they can be used easily by the layperson – can make all the difference when it matters most.

Adventure Medical Kits is dedicated to bringing you the most innovative products which will keep you safe in the outdoors. At Adventure Medical Kits, our love of the outdoors is matched only by our drive to create products that allow your customers to stay healthy on land, water and air.

We rely on the expertise of world authorities in wilderness medicine and survival techniques to develop and refine our products year after year.

An adventurous spirit loves to explore. We hope the Adventure Medical Kits helps your customers enjoy those experiences and keep them coming back for more.

OUR EXPERTS

Eric A. Weiss M.D. Medical Consultant and Founder

- Assistant Professor, Emergency Medicine, Associate Director of Trauma, Stanford University Medical Center
- Past Member, Board of Directors, Wilderness Medical Society
- Author, 911 Wilderness Medicine
- Author, A Comprehensive Guide to Wilderness & Travel Medicine
- Co-Author, A Comprehensive Guide to Marine Medicine
- Climber, kayaker, professional raft guide

Michael Jacobs M.D. Medical Consultant for the Marine Series

- MedSail Founder and Program Director Safety at Sea and Medicine for Mariners Conferences

- Co-Author, A Comprehensive Guide to Marine Medicine
- Author, Survival at Sea, Textbook of Wilderness Medicine
- Coastal and offshore racing and cruising sailor, kayaker.

Eric Simonson

Expedition leader of the successful 1999 and 2001 Mallory Irvine Research Expedition to Mount Everest. Eric coauthored the book, Ghosts of Everest - The Search for Mallory and Irvine. He is co-founder and Director of International Mountain Guide's climbing programs to the world's 8,000-meter peaks.

Ed Viesturs

America's leading high altitude mountaineer, having climbed many of the world's most challenging summits, including ascending Mount Everest six times. He most recently summited Annapurna, achieving his goal to climb all 14 of the world's highest mountains (above 8,000 meters) without the use of supplemental oxygen.

Rebecca Rusch

One of the top adventure racers in the world and a worldclass paddler. Rebecca was named 2003 "Adventure Racer of the Year" at Competitor Magazine's 12th Annual Endurance Sports awards banquet.

Team Nike®

The elite adventure racing team of Ian Adamson, Michael Tobin, Mike Kloser and others have dominated the adventure racing circuit over the past few years. They won the Primal Quest in 2002, 2003, 2004; the Eco-Challenge, New Zealand; and many others.

COVER: SAVING LIVES

"As a climber who tends to be a bit on the cheap side, I had seen your bivvies before the climb and thought that they were too expensive. I opted instead to buy a cheapo silver one - BIG MISTAKE. Following my experience on Bugaboo Spire, I don't even let friends go out without your Emergency Bivvy on trips. If they complain about the price, I calmly pose the question, "How much is your life worth?" and then slap a new one in their hands. Because there is no doubt that the durability of the silver ones just doesn't hold up."

Paul Warman and friend survived 56 hours on Bugaboo Spire awaiting rescue in our Emergency Bivvy, sliced in half to cover them both. Check out the life saving Emergency Bivvy on page 7!

YOU'RE ALIVE

WELCOME TO THE FUTURE OF SURVIVAL TOOLS

Our new survival tool - the SOL™ Origin - is the defining product in our Survival Essentials series under the SOL™ brand. In one product that fits in the palm of your hand, the SOL™ Origin gives you the collection of tools you need to expect the unexpected AND make it back alive. Think of it as the ultimate cross-breed of the traditional ten essentials and a survival kit, all wrapped up in one lightweight, easy to carry, indestructible package. The SOL™ Origin is required equipment in every outdoor adventurer's pack.

7 TOOLS IN 1, READY FOR ANY SCENARIO NATURE THROWS AT YOU!

Rescue Flash® Signal Mirror:
Signal up to 20 miles away

Whistle: Pealess design, with
one mile range

Blade: AUS-8 steel is harder, holds
an edge longer, and sharpens easier
than common steel

Waterproof Case:
Keeps contents dry and safe.

Compass:
Easy to read with fast response dial

Fire Lite & Tinder-Quik™: Waterproof
tinder and sparker good for over
1,000 sparks

LED Light:
15 hour burn time

"Killer Value!"

- Outside Magazine Gear review

"Adventure Medical Kits' SOL Hybrid 3 includes a medical kit, survival kit, and repair kit in a zip-up bag that's half the size of a bread loaf. Each component is well thought out, but the best thing about it is that it puts everything you need to survive a storm, dress a wound, or signal for help in one easy-to-locate package."

FEATURES:

- Reflects 80% Body Heat
- Rated To 50F As Primary Sleep System
- Side Vent for Moisture Ventilation
- Non-Woven Fabric Is Durable And Reusable

Shelter Comparison Chart

Better By Design

SURVIVAL BLANKET

The Survival Blanket is 20% larger than standard blankets and has first aid and survival instructions printed directly on the blanket. REFLECTS 90% OF YOUR BODY'S HEAT.

THERMAL BIVVY

Multi-Purpose Bivvy that can be used for surviving the unexpected night out or as an ultralight sleep system for backpacking. This non-woven material is a stronger, more durable material than the Emergency Bivvy and Survival Blanket. REFLECTS 80% OF YOUR BODY'S HEAT.

HEATSHEETS® MATERIAL

Made of a quieter, more durable material than traditional mylar blankets. Easily repairable, rip resistant polyethylene, is used in the Survival & Emergency Blankets and Bivvy. REFLECTS 90% OF YOUR BODY'S HEAT.

MOUNTAIN

Remote Expeditions, Backcountry Adventures, and Urban Preparedness

Our specialists have scrutinized every detail so you don't have to. **In a way, it's like having a doctor inside every kit.**

A COMPREHENSIVE GUIDE TO WILDERNESS & TRAVEL MEDICINE
By Eric A. Weiss, MD.
The most up-to-date information on: wilderness & travel medicine; improvised techniques; when to worry; recommended prescription medications and a guide for using the kit's contents.

It doesn't get any easier than our **Easy Care™ First Aid System.**

EASY CARE™ FIRST AID SYSTEM
Organization by injury.
Available exclusively from Adventure Medical Kits.
The Easy Care™ First Aid System organizes hospital quality supplies and instructions into injury specific compartments for fast and effective results. Helps anyone confidently and quickly administer first aid.
